SANTO MARIS OIA AMONG SPEAR'S 500 COAST & ISLAND HOTELS & RESORTS AROUND THE WORLD

Santo Maris Oia Luxury Suites & Spa
Oia, Greece

Not just another luxury hotel on the breathtaking island of Santorini, Santo Maris Oia Luxury Suites & Spa is a lavish and serene retreat. A world unto itself, it's a newly built five star all-suite and villas resort, offering authentic hospitality, privacy and serenity, a five minute walk from the village of Oia.

Spacious and architecturally beautiful, Santo Maris Oia Luxury Suites & Spa is characterised by stylish yet unpretentious interior décor, white-washed domed suites, picturesque alleys and dazzling infinity pools. Lush greenery surrounds the hotel, while exclusive views of the Aegean Sea and renowned Santorini sunset are a must-see.

Its 65 suites and villas are separated into five sprawling neighbourhoods named after Greek island clusters. Each comes with its own quaint kitchenette, living areas, plush beds with crisp bedding, a blissful sense of calm and a scenic personal veranda, with heated jacuzzi or private pool and sun-loungers. The Anessa Spa caters to every need of its guests, offering beauty therapies from basic to sophisticated, along with aesthetic treatments to buff, tone, clear, lift and instantly beautify from head to toe. The Spa's highly skilled, certified therapists offer an extensive variety of massage treatments aimed at bringing guests into a Zen-like state of deep relaxation. Other features include an amply-sized heated pool, sauna, steam room, cryotherapy suite and a choice of 'feel-good' treatments.

Guest Experience specialists will craft a tailor-made experience, introducing guests to the best places to shop, eat, and live out memorable adventures. Dining options are also aplenty. The Alios Ilios, named one of the best restaurants in Greece by the Greek Cuisine Awards, offers laid-back elegance, highly flavoured dishes and a stunning sunset view over the Aegean Sea.

The Akratos poolside bar serves freshly prepared Mediterranean snacks, while delicious cocktails and drinks are served at the main infinity pool of the hotel throughout the day, and the Romantic bar provides the perfect spot to savour a signature cocktail. Private dining is also available for couples seeking a dreamily amorous getaway, with an *ol fresco* dining experience under the night sky transforming their suite's veranda into a five-star restaurant.

In recognition of the impact that tourism can have, the hotel has implemented a corporate social responsibility strategy that contributes to the local environment, community, culture, and history, while ensuring an ethical economy.
